-- "Significant ecological area" means:

A. Significant ecological areas/habitat management areas designated on the special management areas map of the general plan.

B. Environmentally sensitive habitat areas, sensitive environmental resource areas and rare plant habitat areas, identified in the Santa Catalina Island or Marina del Rey Local Coastal Programs depicting any area in which plant or animal life or their habitats are either rare or especially valuable because of their special nature or role in an ecosystem and which could be easily disturbed or degraded by human activities and developments.
